Support Bulletin: RASD-SB00028 Model: All Roland Products Subject: Roland Dropout Utility Instructions Date: 10/20/2006 Author: RR

Overview:

The Roland Dropout output utility (dropout.exe) is for use in outputting pre-ripped files (PRN & PLT formats) as well as firmware updates (RFW format) via the Windows environment and Roland Windows print driver.

Procedure:

- 1. Download the Dropout Utility from the Roland website (<u>www.rolanddga.com/asd</u>) under the support page for your product and extract the ZIP file.
- 2. Locate and launch the Dropout.exe utility.
