# CUSTOM APPAREL THAT ROCKS

## IT'S EASY WITH ROLAND APPAREL SOLUTIONS

Looking for exciting and inexpensive ways to build your business? Roland R-Wear Solutions allow you to create custom results in minutes.

### RHINESTONE DECORATION

Our Premium Rhinestone Apparel Solution makes it fast and easy to add tremendous value to everything from jeans and t-shirts to hats and handbags. Includes Roland EGX engraver, design software, engraving stock, a heat press, transfer tape, and colorful hot-fix rhinestones.

### PRINT & CUT HEAT TRANSFER GRAPHICS

The best-selling VersaCamm SP prints and contour cuts vivid, high-resolution heat transfers in a single process. Ideal for reproducing full color logos and smooth gradients, these durable 4-color graphics are perfect for both light and dark fabrics. Even one-offs are no problem.

### HEAT APPLIED DIGITAL CUT GRAPHICS

The GX-24 is the perfect tool for cutting a wide range of colorful heat applied materials. Embroidery and t-shirt shops love Roland cutters for personalizing sportswear with names and numbers. Even twill is a snap.
